Measured Over Bare Leg

We prefer measurements be taken over clothing to be worn with the footwear. If not indicated, we will assume measurements and outlines are taken over clothing. All footwear will be made to the measurements submitted. In the event of **Bare Leg** measures, 1/2 inch will be added.

MEASURING INSTRUCTIONS

All measurements are to be taken while seated by someone other than yourself. Have your leg crossed over your other knee for circumference measurements 1 thru 4. For circumference measurements 5, 6, and 7, place feet flat on floor. The **Calf** is measured around the largest part of the leg and around the top as illustrated.

For **Height** on riding boots, take measure #7 of the inside of the leg, add 1 1/4" for wrinkling at ankles. **Drop may vary depending on lining.** For **Height** on other boots, take **Boot Top** measure at the **Height** you want the boot. On Patrol Boots, add 3/4" for wrinkling.

FOOT OUTLINES are to be taken while standing with equal weight on both feet on this form. Draw the outlines holding the pencil perpendicular.
